MAYOR AND COUNCIL GET TOGETHER ON APPOINTMENT

Thomas N. Wilkerson Named
City Attorney in Place of
John C. Lewis, who Resigns.
Unanimous Vote.

REDLIGHT ORDINANCE PUT ON THE SHELF

Action on Mesa Park Site
Passed Up. Councilmen
Think Congress Ought to
Give it to City.

Thomas N. Wilkerson succeeds John C. Lewis as city attorney. Mayor D. H. Boatright announced Mr. Lewis' resignation to the council last night, and immediately after the resignation was accepted, nominated Mr. Wilkerson. The nomination was confirmed unanimously and without debate. The city attorney and remove one of the sore spots of the administration. Mayor Boatright didn't seem at all surprised when his appointee was received and approved without comment or question.

Mr. Wilkerson was present, and after a brief speech of thanks to the council, took the official chair at the mayor's right. Acting City Attorney Robert H. Crews, who has been filling Mr. Lewis' place through professional courtesy, was given a hearty vote of thanks by council for his service to the city.

REDLIGHT ORDINANCE LAIN ON THE TABLE

One of the first things Mr. Wilkerson did officially was to put a damper on one of Mayor Boatright's supporters. Mr. Hammond, distressed by the prompt manner in which the majority set about to table Mayor Boatright's redlight ordinance when it was brought out of committee, moved that a motion to adopt be substituted for the motion to table. Mr. Skinner raised a point of order, and the new city attorney said that parliamentary law did not permit debate or amendment on a motion to table.

Chairman Skinner, of the ordinance committee, reported the ordinance without recommendation. He said it wasn't in proper shape for passage and needed reconstruction as to form. Mayor Boatright said it was copied word for word from an ordinance on the books, as far as construction went, but discussion of form or content was cut short by the motion to table. The motion passed by a vote of 5 to 3, the aldermen voting as follows:

ACTION ON MESA PARK TRACT IS PASSED UP

No action was taken on the mesa park site offered to the city by the government. The matter was brought up by Mr. Wilkerson, who presented a letter sent by Congressman Ferguson to Acting City Attorney R. H. Crews and a letter from the land commissioner. The latter wrote that he was not disposed to withhold his recommendation that congress repeal the city's right to buy, because the city has had eight years in which to take advantage of it.

Councilman Grunsfeld said the communication was a warning that unless the city made a park of the tract right away the land would revert to the government.

"We don't want to buy anything with a string like that to it," said Mr. Scheer.

City Attorney Wilkerson said the council would have to declare the tract a park but he wasn't sure that it would have to improve immediately.

Mr. Grunsfeld was of the opinion that congress should give the city the land and Mr. Scheer agreed with him. Mr. Grunsfeld suggested that the city attorney write Congressman Ferguson to start action along that line. Mr. Scheer said he believed it was given to understand that an army post was to be established on the mesa and that the Commercial club had spent \$2,500 sinking a well, it might give the land.

WATER CO. TRIES TO STOP SEWER-FLUSHING

City Engineer James N. Galding reported that the water company had forbidden him to use fire hydrants for flushing sewers, and he called council's attention to the fact that under the franchise the city has the right to designate ten hydrants out of every 100 for drawing water for city use. The city is entitled to 6,000,000 gallons a month, the engineer said, and uses only about 2,500,000. Council designated 24 hydrants, and the flushing will go on.

The Butler Auto company was authorized to put up signs warning drivers at the street car crossings at Fourth street and New York avenue, Edith street and Central avenue and Twelfth street and Mountain road.

City Treasurer Al Goodrich reported a balance of \$6,914 in the general fund July 1. Since then City Clerk Thomas Hughes has turned in \$2,290, and has \$1,500 to his credit for current expenses. Council ordered paid quarterly bills to the amount of \$9,002.

The clerk's collections for June totaled \$2,745.75. Of this \$1,175 came from occupational tax, \$248.75 from miscellaneous licenses, \$2,250 from

retail liquor licenses, \$12 from drivers' licenses, and \$54 from milk permits.

Fire Chief Klein's report showed that there were six alarms during the month. The loss, \$751, was covered by insurance.

Building permits for the month numbered sixteen, representing improvements costing \$16,000.

The police made 95 arrests and the fines amounted to \$280.

Mr. and Mrs. Harry Waiz and Mrs. Harry Burwell reached Albuquerque in their Cole car last night from El Paso. They are en route to Denver, where they will attend the Elks convention and left this afternoon for Santa Fe. They will probably tour Yellowstone Park before they return to El Paso. While in Albuquerque they were guests of H. E. Davis.
